

Mercedes Software Updates: Become a tester now!

Become part of our Mercedes community and regularly participate in surveys about new software updates

In order to participate in the continuous survey series, you should meet some requirements. These are:

- You own a Mercedes car (model 2018 or later)
- The car is connected to Mercedes me
- You own an Android or iOS Smartphone, you can use for testing

Interested?

Follow these steps:

1. Register an account on our Testbirds crowdtesting platform by [using this Link](#) or click on the orange "Sign up here!" Button at the bottom of this sheet
2. Add your smartphone as a testing device
3. You'll then receive an email invitation to a test called "Mercedes Driver - Welcome to our test community!"
4. Open the invitation link in the email and click through all tabs on the test page (Description, Deadlines, Details, Payouts and Access Data)
5. In the next step, you are able to click the green "Sign up with this device!" button
6. Start the questionnaire, by clicking the orange "Start test" and then the "Edit" button (if you are using a Smartphone you can find the "Edit" button, by clicking on the green "Select an action" button first)
7. Start filling out the questionnaire and regularly "save" your answers
8. Submit the questionnaire, once you are finished, so that we can check whether your Mercedes meets the requirements to participate in the survey series
9. Soon after, we'll contact you about the next steps

Compensation

Depending on the effort, you will receive a fair compensation for each individual survey. You can find the exact payout information on the individual test pages.

Survey timelines

The software updates are conducted as a survey series, that you can participate in regularly over the coming months

Benefits of taking part:

- You'll be able to receive the final software versions for your car shortly before public release!
- Your feedback enables Mercedes to ensure a smooth update process
- Get insights into upcoming changes and share your feedback directly with Mercedes
- For your participation in the survey series, you will receive a fair compensation
